Objective

AI Automation & 3D Visualization Expert with strong expertise in n8n, LLMs, SketchUp, and V-Ray. Skilled in streamlining workflows through AI automation and creating high-quality 3D visualizations, I deliver solutions that blend technical precision with creative impact to help brands work smarter and stand out.

Core Skills:

- ◆ n8n Automations (No-Code)
- ◆ RAG Chatbots & Voice Calling Agents
- ◆ 3D Modeling & Visualization
- ◆ Architectural & Interior Design
- ◆ Walkthrough & Animation (basic)
- ◆ Adobe Illustrator & Photoshop
- ◆ Photorealistic Renders
- ◆ API | LLM & CRM Integrations
- ◆ Prompt Engineering
- ◆ SketchUp & V-Ray
- ◆ Exterior & Landscape Design
- ◆ 2D to 3D Conversions
- ◆ Digital Illustration
- ◆ Video Editing (Adobe Premier Pro)

Work History

n8n Automation & AI Agents Expert | Upwork (2024 - Present)

I work as a certified n8n workflow automation specialist, creating AI-powered, no-code solutions tailored to real-world business needs. I design and deploy intelligent agents, automated workflows, and API integrations that enhance productivity, save time, and deliver measurable results with precision.

Services Offered:

- ◆ Intelligent AI Chatbots & Voice Assistants
- ◆ RAG Chatbots with Supabase | Pinecone
- ◆ Social Media Automation & Scheduling
- ◆ Low-Code Dev. & Prompt Engineering
- ◆ LLM | CRM Integrations with n8n
- ◆ SEO Agency Automation
- ◆ API Integrations
- ◆ Workflow Automation

3D Visualizer & Expert in SketchUp, V-Ray | Upwork (2020 - Present)

I'm a versatile creative professional with expertise in 3D visualization and digital design, delivering photorealistic renders, high-impact graphics, and well-crafted visual assets. I blend creativity with technical precision to bring ideas to life while meeting client objectives and deadlines.

Services Offered:

- ◆ 3D Architectural & Interior Visualization
- ◆ Photorealistic Rendering & Lighting
- ◆ Product Modeling & Visualization
- ◆ Custom Illustrations & Vector Art
- ◆ Product Modeling & Visualization

AI Automation & 3D Visualization Expert | TetraSol (tetrasol.net) (2020 - Present)

At TetraSol, I design and implement AI-driven workflow automations and create high-quality 3D visualizations to enhance business operations and branding. I integrate advanced tools like n8n, OpenAI, and LLMs with SketchUp, V-Ray, and Adobe Suite to deliver solutions that are both technically precise and visually impactful.

Certifications
